Imagine you could reach your goals, because you have the tools you need. Then you could spend more time and energy awakening expectations, pulling students to the next plateau, and inspiring them to ask questions even you find hard to answer.

The people at Skoolee™ have designed a suite of web-based school management system for teachers like you.

In particular, Skoolee™ captures the needs of multilingual schools in the Middle East and North Africa.

Practical and easy-to-use, Skoolee™ allows you to spend less time on administrative tasks and more time doing what you do best.

“Teachers...
are expected to reach
unattainable goals with
inadequate tools.
The miracle is that at
times they accomplish
this impossible task.”
